GENERATED?

Once generated, it becomes yours permanently. You can save the address somewhere and receive bitcoins with it anytime!

NOW, TO SELL BITCOINS, HERE IS THE TRADE FLOW

Any bitcoin you send to your address, once it gets 3 confirmations, our platform will automatically convert it to NAIRA using the current rate.

You will always see the current rates on the bitcoin wallet page.

[Show BTC Rates Table](#)

So, if you send \$100 and the current rate for that amount is 460, we will credit your Naira wallet with 46,000 naira.

BTC Rates Table

VALUE (\$)	RATE
Less than 100	460
100+ to 1,000	465
Above 1,000	467

RATE TABLE

As seen above, this is what the rate table looks like. The value there changes based on the current market rate.

Your bitcoin will be converted according to the corresponding rate.

For instance, if you send 200\$ worth of BTC, the rate will be 465 because it falls within 100+ to 1000.

Not to worry, if the bitcoins you sent was not sent in USD, our system will convert it to USD automatically. Or you can check it yourself on [Preev.com](https://preev.com).

DO YOU HAVE TO DO ANYTHING?

No, just send bitcoins to your address and wait.

HOW LONG DO YOU HAVE TO WAIT?

The naira value is added to your balance after 3 confirmations.

3 confirmations from the bitcoin network take approximately 15 - 60 hour and are used to avoid fraud and ensure transaction non-reputability.

Once your transaction gets 3 confirmations, it is assumed that the transaction is safe at that stage.

CAN YOU TRADE ANYTIME?

YES.

CAN YOU SEND BTC FROM ANY COUNTRY?

Yes! You can send BTC from any country, from any wallet, from any bitcoin ATM Machine.

There is no discrimination?

WHAT IS THE LIMIT?

There is no minimum or maximum limit.

BE AWARE!

You cannot store bitcoins on the platform as it will always be converted to naira automatically.

WHAT NEXT?

The process is 100% automated, including withdrawal, no stress.

IS IT SAFE?

Prestmit is equipped with modern security tools to help secure your account at all times. These include a centralized security architecture that secures all components and layers within the platform.

WHY PRESTMIT?

Having served thousands of customers over the years, it's safe to say Prestmit is best for your transactions.
