

# PRESTMIT VIRTUAL BANK ACCOUNT GUIDE

# YOU CAN DO MORE!

This guide explains all you need to know concerning the virtual bank account provided by Prestmit.

# What Is Prestmit Virtual Bank Account?

A virtual bank account works exactly like your normal bank account. Which means you can transfer money to it.

As a Prestmit user, you have access to a virtual bank account as long as you can provide the KYC requirements.

The virtual bank account looks like this:

Account Name: Prestmit-Olajide (The name you used during registration on Prestmit will be used as account name)

Account Number: 9492001984 (Unique account number for every user)

Bank Name: Rubies Microfinance Bank

This means if you go to any bank app, select Rubies bank, enter your account number and transfer to it, the money will come into your Prestmit Naira wallet and reflect.

## **What Is The Purpose?**

Before you can purchase anything on Prestmit, you need to have money in your naira wallet which is where it will be deducted from.

So, you can easily transfer to your virtual bank account to credit your naira balance.

Also, you can withdraw your naira balance at anytime.

# How To Create My Virtual Bank Account?

Proceed to the Naira Wallet page. As a new user, you will see the button "Generate Virtual Account".

## Virtual Bank Account

 [click here to learn more](#)

Bank: RUBIES or HIGHSTREET MICROFINANCE BANK

Name: Prestmit-OLAJIDE SAMSON

Number: 7740073675

 Transfer to this account to fund your wallet.

 Payment to this account attracts 1% fee but ₦100 max.

## **KYC IS REQUIRED, WHY?**

Before you can create successfully,  
KYC is required. Why?

The virtual bank account works like your normal bank account. So, just like opening a new bank account, BVN and ID are required to complete the process.

Rest assured, your KYC information is safe with us.
